Crude Fat (minimum)	10%
Crude Fiber (maximum)	2%
Moisture (maximum)	8%
Ash (maximum)	2%

Details Assembly

Squeeze bottom of KONG to create oval-shaped opening. Insert large end only of KONG SNACKS into toy. Leaving two smaller segments exposed encourages your dog to nibble off the protruding end and challenges them to retrieve the remaining portion. For an extra-special treat, crumble KONG SNACKS, mix with KONG Easy Treat (paste), apply to inside of KONG Toy, and freeze.

Details Warning

For Dogs.
